AWFUL DISASTER

TERRIFIC EXPLOSION IN THE
FRATERTVILLE MINE AT COAL
CREEK, TENN.

OVER TWO HUNDRED DEAD

EVERY WORKMAN IN THE COL-
LIERY MET AN INSTANT
DEATH.

TWENTY-SIX BODIES FOUND

HEARTRENDING SCENES TAKE
PLACE AT THE MOUTH OF
THE PIT.

Coal Creek, Tenn., May 20.—The worst disaster in the history of Tennessee mining occurred at 7:30 o'clock a. m. when between 175 and 225 men and boys met instant death at the Fraterville coal mine, located two miles west of this town, as a result of a gas explosion.

Out of the large number of men and boys who went to work developments show that only one is alive and he is so badly injured that he cannot live. This man was W. A. Morgan, an aged Englishman, who was a roadman in the mine, and he was blown out of the entrance by the force of the explosion. One hundred and seventy-five miners were checked in for work in the morning by the mine boss. In addition to these, there were boys who acted as helpers and drivers and roadmen, and others to the number of perhaps 50.

Fraterville mine is the oldest mine in the Coal Creek district, having been opened in 1870. It is fully three miles from the mine's opening to the point where the men were at work. They had not been at work long before the terrible explosion occurred. There was a fearful roar and then flames shot from the entrance and the air shafts. News of the disaster spread like wildfire, but as soon as order could be brought out of chaos, two rescuing parties were started in, one at the main entrance, the other through Thistle mine, which adjoins, and in which no men were at work. The Thistle party was unable to make any headway as the gas stifled the workers.

The Fraterville party went fully two miles under the earth until a heavy fall of slate was encountered. At this barrier the men worked like demons, hoping against hope that those beyond might be safe. The scenes at the mouth of the mine while the workers were within were beyond description. Business had been suspended in Coal Creek and all its mines as soon as the news of the disaster became circulated, and men, women and children gathered around the Fraterville entrance. Women, whose husbands and sons were within were wild with grief. All day long the rescuers toiled at the slate obstruction and not until 5 o'clock did they force an entrance through it. Up to that hour only five dead bodies had been recovered and hope was still high that many within were safe. The hopes of the living were doomed, however, for when once the rescuers could enter and proceed they walked along

One Continuous Tomb of Death.

There was not a sign of life. Every man had perished, they believed, although it will be early in the morning before all the rooms can be entered.

Eight dead bodies were first recovered, and these were sent to Coal Creek. Twenty-six were soon found. They were not disfigured beyond identification, and each corpse as it was borne from the mouth of the mine was surrounded by eager crowds of relatives of the men who were entombed. The mine was not on fire except in remote portions, and all the bodies, perhaps, will be reached before daylight.

A partial list of the victims, scarcely one-third, is as follows:

George Aikens, James Hightower, Robert Price, James Stover William Price, Roscoe Bradley, William Bradley, Thornton McGhee, Charles Vandegrift, W. J. Evans, Charles Evans, Charles Brooks, Oscar Murray, William Murray, Marion Wilson, Railey Wilson, Mandy Webber, Carl Discern, Samuel Discern, James White, John White, Walter White, Bannie Vowell and two sons, Richard Massengill, Scott Hudson, Robert Smith, James Whitten and 15-year-old son, Ed Sorrell and 15-year-old son, John Aikens, and two sons, James Strickland, Peter Childress, William Childress, Joe Smith, Edward Smitty, Charles Adkins, Boyd Adkins, Frank Sharp, Oscar Sharp, Rufus Webb, Leon Miller, Roscoe Miller, Ben Sharp, Albert Goodman, C. H. Hightower, Thomas Disney. The Fraterville mine is owned by the Coal Creek company, of which Major E. C. Camp is president. He was in Cincinnati and is now hurrying to the scene of the disaster.

R. A. Shiffett, state inspector of mines, is hurrying to the scene of the disaster at Coal Creek, under instructions from Governor McMillin to make a thorough investigation. Inspector

Shiffett also received a message from Superintendent Camp of the Fraterville mine, urging him to come at once. Before leaving Nashville Mr. Shiffett said he considered the mine in good condition and several months ago he had had a fan put in to improve the air.

Many Houses Destroyed.

Chetopa, Kan., May 20.—A tornado passed over this place, unroofing or destroying numerous houses and tearing down the poles of the electric light and telephone companies.

WIN THE FIRST SKIRMISH.

Gaynor and Green Taken Back to Quebec From Montreal.

Montreal, May 20.—Colonel Gaynor and Captain Green have won the first skirmish in the fight against extradition to the United States and the two men are now in the old city of Quebec, where they believe proceedings to force them to return to the United States to answer the charge of defrauding the United States government can be successfully fought.

At 10 p. m. a special train on the Canadian Pacific arrived from Quebec with High Constable Gale and assistants on board armed with a writ of habeas corpus. They got into a cab and drove to the Montreal jail, to which institution Gaynor and Green had been committed by Judge Lafontaine during the afternoon.

The stay of the high constable in the jail was of very short duration and an hour after the arrival of the special train it departed with the much sought fugitives from the American courts on board.

Half an hour later the regular train for Quebec departed, having on board Donald MacMaster and Chief Carpenter. They went in answer to the writ of habeas corpus served on Carpenter. Incidentally Mr. MacMaster will use all his influence to see that the prisoners are returned to the Montreal jail. The question as to whether or not it shall be done depends upon the legality of the arrest.

TWICE SAVED BY THE BELL

Kid Carter Has the Best of a Bout With Kid McCoy.

Philadelphia, May 20.—Kid McCoy was twice saved by the bell in a 6 round bout with Kid Carter at Industrial hall. He was knocked down five times and was much the weaker at the finish, although Carter was badly punished.

During the first round McCoy had all the advantage, but in the second he was floored by a blow on the jaw and would have been stopped but for the bell. In the third round he was knocked down three times, but again escaped a knockout. He recovered in the fourth, and although Carter again succeeded in putting him to the floor McCoy in turn had his opponent almost out. In the fifth and sixth rounds McCoy kept away from Carter's vicious swings, but he was groggy at the finish and Carter, though showing more evidence of rough age, had considerably the better of the bout.

SITUATION UNCHANGED.

No New Developments in the Anthracite Miners' Strike.

Wilkesbarre, Pa., May 20.—President John Mitchell of the United Mine Workers of America arrived here shortly after 9 o'clock p. m. and established strike headquarters at the Hotel Hart. He was met at the station by several of the local leaders, who held a brief conference with him. The national president spent a quiet though busy day in his quarters at Hazleton. He had no visitors and said he had no news to give out. He added, however, that as far as the miners' side of the controversy was concerned the situation had not changed in the least.

Two carloads of foreigners left Hazleton region during the day. Most of them were booked for New York whence they will sail for their native lands. Some of the foreigners will seek work in the bituminous region.

FIGHTING WILL FOLLOW.

Port au Prince Cannot Be Taken Without a Struggle.

Port au Prince, Hayti, General Delfy, who was military commander here under the presidency of General Sam, and M. Vilbrun Guillaume, the former minister of war have left here as exiles on the steamer Hungaria.

The report that the northern army is marching on Port au Prince now seems to be generally accepted as true. The troops of General Firmin are supposed to be at St. Marc, on the west coast 44 miles from Port au Prince. The intentions of the general, barring the fact that he is a presidential candidate, are not known. If he arrives here alone he may be able to make some arrangement with the provisional government, but if he approaches this city at the head of a force of troops fighting is liable to occur.

STILL VIOLENTLY SMOKING.

No Signs of Mont Pelée Ceasing Its Activity.

Fort de France, Island of Martinique, May 20.—A party from here has gone to St. Pierre on the British cruiser Indefatigable, carrying with them coffins for the purpose of recovering the bodies of the family of Thomas T. Prentiss, the late United States consul at that place, who was killed in the disaster. The interment of the remains will take place here and will be conducted with military honors. The indefatigable brought 120 tons of supplies.

There has been another eruption from Mont Pelée. Ashes fell here. The volcano is still smoking violently, and there are no signs of its ceasing its activity.

"WATER CURE" HEARING.

Former Corporal O'Brien Before the Senate Committee.

Washington, May 20.—Former Corporal Richard O'Brien of North Adams, Mass., of Company M, Twenty-sixth volunteers, who served in the Philippines for 18 months, was before the senate committee on the Philippines during the day.

Witness O'Brien said that he had been present at Igaras when the water cure was administered to the presidents of that town, and related the particulars of the capture of the town of Lo Nag, in the province of Panay, by a detachment from a company of which he was a member. As the troops approached the town they saw at a distance a native boy on a carabao, and one of the men fired a shot at him, but as his bullet failed to hit its object others also fired, himself included. At first the witness said he had fired in obedience to orders and then he said that there had been no orders to fire.

"This shooting," he said, "brought the people to their doors and among those who came out was an old man who was shot in the abdomen and afterwards died. Later, while the firing was in progress two other old men between the ages of 50 and 70, I should say, came out toward us hand in hand and bearing a white flag. Both were shot down and the sergeant reported to Captain McDonald that he had killed two more 'niggers.' Another case was that of a woman and two children, one in her arms, who were killed and then burned in their house."

The witness also told of the execution of the bandit Pedro Gargamo at the town of Guimal, for which, he said, McDonald was tried by court-martial. He said that it was common talk that before Gargamo was killed he was struck on the back of the head with a bolo.

He said "dumdum" bullets were issued in the regular way with other ammunition. He had seen them strike a man and take the top of his head off. He could not tell whether it was one of his own comrades or a native. He was questioned by Senator Beveridge and described them as explosive bullets. He had not written home about these bullets, although he considered the use of them revolting.

Answering questions as to the burning of a woman and two children, he said the woman was in a bamboo shack and appeared at the door or the window. No effort was made to rescue her, but it would have been impossible, although she came to the door when the shack was burning.

RUSSIAN SUGAR QUESTION.

Writ of Certiorari Granted by the Supreme Court.

Washington, May 20.—The United States supreme court has granted a writ of certiorari to the circuit court of appeals of the Fourth district for Robert E. Downs, involving the Russian sugar duty question. Immediately after the petition was granted a motion to advance the case on the docket was filed by counsel for Mr. Downs, in which the solicitor general concurred. In the brief in support of this motion the statement is made that the effect of Russia's retaliation because of the countervailing duties imposed by this government on Russian sugars has been to destroy the larger part of our trade with that country and it is argued that if the decision of the supreme court should result in the removal of the countervailing duty the friendly trade relations between the two countries would be restored.

Street Railway Strike Settled.

Detroit, Mich., May 20.—A settlement of the trouble between the United railway and its employees over the wages to be paid conductors and motormen has been reached. They will receive 23 1/2 cents per hour, an increase of 2 1/2 cents.

RUSSIAN SUGAR QUESTION.

Writ of Certiorari Granted by the Supreme Court.

Washington, May 20.—The United States supreme court has granted a writ of certiorari to the circuit court of appeals of the Fourth district for Robert E. Downs, involving the Russian sugar duty question. Immediately after the petition was granted a motion to advance the case on the docket was filed by counsel for Mr. Downs, in which the solicitor general concurred. In the brief in support of this motion the statement is made that the effect of Russia's retaliation because of the countervailing duties imposed by this government on Russian sugars has been to destroy the larger part of our trade with that country and it is argued that if the decision of the supreme court should result in the removal of the countervailing duty the friendly trade relations between the two countries would be restored.

Street Railway Strike Settled.

Detroit, Mich., May 20.—A settlement of the trouble between the United railway and its employees over the wages to be paid conductors and motormen has been reached. They will receive 23 1/2 cents per hour, an increase of 2 1/2 cents.

Thunder showers tonight and tomorrow.

In a letter to the DISPATCH Albert F. Foster, of Litchfield, states that he is a candidate for congress in this district and will seek the republican nomination at the primary election.

JOHN LIND is certainly in very small business when he eudeavors in a political speech to belittle one of the growing industries of his own state. At the Jefferson day banquet he charged that the gigantic sugar trust owned the Minnesota Beet sugar plant, and that the raising of sugar beets was not a money making venture for the farmer. In order to make the matter more impressive he offered to donate \$100 to any charitable institution if two beet sugar farmers could be produced who would say that beet sugar farming had been a profitable industry. Not only has it been proven that the sugar trust does not own a dollar's worth of stock in the Minnesota plant, but two farmers from Dassel, the former home of Mr. Lind, have come forward with affidavits to the effect that they have engaged in the industry with profit, and Mr. Lind will be obliged to make good his bluff. The Northwestern Agriculturist takes the ex-governor to task for his utterances and produces letters and statistics which prove Lind's statements to have been wide of the mark. If John is sore because the country did not go to the dogs when he left the republican party he should take some other means of getting even.

Buckman for Congress.

The Little Falls Transcript has the following to say regarding the candidacy of C. B. Buckman for congress in this district:

"Hon. C. B. Buckman of Little Falls has filed with the secretary of state his notice of candidacy for the Republican nomination for congressman from the Sixth district. This district consists of twelve counties in the Mississippi valley, and extends from Cass county on the north to Wright on the south. The nomination will be made by primary election in September, and every Republican will have a vote in the election of the party candidate. By this means of making party nominations satisfaction with the result is assured, and united party support for the nominee secured.

"Mr. Buckman has been in political life for more than 20 years, and has repeatedly been placed in public office by popular vote. He has served the local legislative district one term as representative in the lower house of the state legislature, and twelve years as state senator, always to the evident satisfaction of the people of the district.

"When the new congressional district was created Mr. Buckman, by reason of his long public service extended acquaintance and popularity, was generally regarded as an available and strong man to enter the race for the Republican nomination. The names of many other good men were mentioned, but the support of Mr. Buckman seemed much greater than that possessed by any of the others, and the undivided and hearty support of his own and neighboring counties gave him a prestige possessed by no other whose name had been mentioned.

"The drift of Republican sentiment toward Mr. Buckman continued, until now he has the field practically to himself, and his nomination is generally conceded.

"The Republicans of his senatorial district, consisting of Morrison and Crow Wing counties, will give him a unanimous vote at the primaries as against any possible opposition. His home support is all that could be desired, and will continue steadfast and loyal throughout the campaign.

"The Sixth district is Republican by a comfortable majority, although smaller than that in the other districts of the state. With a united party and an energetic campaign the district can certainly be carried this year, with such a vote-getter as Mr. Buckman has proved himself to be."

LOCAL NEWS NOTES.

Joe Howe left this afternoon for Tamarac on business.

Dr. Hemstead left for the Twin cities this afternoon.

W. H. Dudley returned from Little Falls this afternoon.

R. J. Hartley left for Minneapolis this afternoon on business.

Supt. Blanchard arrived in the city this afternoon in his private car.

Mrs. Kit Lightfoot left for St. Paul this afternoon for a few days visit.

Judge Holman, of Pequot, was in the city this morning on business.

B. A. Strawbridge, of the Cass Lake Times, was a guest in the city today.

Contractor Kreutz has returned from a business trip to staples and other points west.

President Tighe, of the Minnesota Water Works Co., left for his home in St. Paul this afternoon.

William Costello, who formerly ran a saloon on Seventh street, is now in with William Bredfield.

Rev. A. A. Anderson left for St. Paul this afternoon where he will attend the big Baptist convention.

Rev. M. L. Hutton will preach the memorial sermon next Sunday evening at the First Congregational church.

Miss Mabel O'Brien returned from St. Cloud this afternoon where she visited for a few days with Miss Gallagher.

Miss Blanche Woodard came down from Bemidji today and left for Minneapolis where she will visit with her sister Mrs. Ed. Ryan for a short time.

R. G. Vallentyne reports the following real estate transfers: House and lot at 1404, Oak street to Warren Merrill, \$475; lot 5, block 4, East Brainerd to Henry Powers, \$275; lots 6, 7 and 8, block 3, Terrace park addition on Bluff ave., to Prof. W. P. Bartsch, \$1000.

A very pleasant surprise was given Miss Alta Cunningham at the home of Mr. and Mrs. Harry Katz, 513 Pine street So., by her many friends. Entertainment was furnished in the line of recitations, and solos, and games were indulged in. Among those present were Mr. and Mrs. J. N. Waldrop, Mrs. S. W. Hover, Mrs. Callahan, Mrs. Burnette and Mrs. Giser, Misses Blanche Nast, Susie Shae, Ethel Schoberg, Filla Callahan, Maud Lang, Bertha Lang, Alma Harlan and Genieve Gaskin. Little Miss Hover and Miss Grundon, Messrs N. Jeppson, Oscar Fox, George Giser, Harry Stearns, Frank Fuller, John E. Sebring, P. Everett and Mr. Wilkins. Ice cream, cake, fruit and lemonade were served after which the guests departed, having had a very enjoyable time.

IT WILL COME BACK.

Some Brainerd Residents Have Learned to Keep it Away

Your back may not ache very long.

But the ache will return shortly, Comes oftener-stays longer, Unless the kidneys are relieved.

Doan's Kidney Pills cure all kidney ills.

Brainerd people endorse them.

Mrs. S. Brain, of 125 South 9th street, says: Doan's Kidney Pills cannot be spoken of in too high terms. I suffered greatly from my back, the symptoms showing unmistakably that the kidneys were at fault. The secretions from those organs were scanty and caused some pain; the aching in my back was constant and exceeding distressing. When my husband brought me Doan's Kidney Pills I was much in need of relief. I used them and in a comparatively short time the pain had disappeared and the improvement in my constitution was general. The kidneys were quickly restored to health and performed their functions naturally.

Sold for 50 cents a box, at the McFadden Drug Co., H. P. Dunn & Co., and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name, Doan's, and take no substitute.

MUSIC AND DRAMA.

"WHEN REUBEN COMES TO TOWN."

"Few people appreciate how much hard work and curious thought an actor devotes to the task of making people laugh," said Edwin Nicander of the "When Reuben Comes To Town" Company the other day.

"It is a very serious thing this being funny on the stage. Many people are witty, others have a humorous way of saying things and among their friends they are considered comedians, but such persons rarely are able to be funny on the stage. The comedian to be a successful funmaker, that is to make his audience laugh, heartily and spontaneously, must not only be naturally endowed with mirth-provoking qualities, but also must have a fund of inventive imagination, and above all, a sense of humor. There is nothing quite so hopeful, so far-reaching, so lasting in beneficial effect, so altogether satisfying, as a good hearty honest laugh, and yet, among the many fine and subtle human emotions, that of laughing is the most difficult to excite. In musical comedy so popular to day, this is a particular requisite."

"When Reuben Comes to Town" will be the attraction of the week at the Brainerd Opera House, Thursday evening May 22.

Seats on sale tomorrow morning at 20 o'clock.

"THE MISSOURI GIRL."

The attraction at the Brainerd Opera House Thursday, May 29, will be Fred Raymond's famous comedy, "The Missouri Girl." The enormous volume of business done by this company for the past few years attests the popularity of the play. In nearly all the cities, where the company has appeared this season, the houses have been sold out long before the date of the performance. Ticket speculators have reaped a rich harvest by buying up all the best seats and reselling them at an advanced price. One speculator said that he had made over two hundred dollars on a single performance.

IS NOT SETTLED YET.

Report that the Court House Bonds in Cass County Had been Carried is Denied.

The report sent out from Walker that the court house bonds recently voted for in that county had carried, was somewhat premature, as the vote has not been canvassed yet, and there is no telling what the result really will be said a Cass county resident today.

One person from there stated this morning that he thought the bonds were lost by a good majority, and he stated that he thought if the vote did show that they were carried that there would be a contest. At any rate the war is not over and some lively times may yet be expected.

Nettleton makes farm and city loans.

SPEECH BY DOLLIVER.

Iowa Senator Discusses the Philippine Government Bill.

Washington, May 20.—Only a brief time was devoted by the senate to the consideration of the Philippine government bill. Mr. Dolliver (Ia.) supported the bill, which he said was one of the most important pieces of constructive legislation presented since the Civil war. He arraigned the Democratic minority for its opposition to the measure. He insisted that the Philippine insurrection, as a military proposition was a thing of the past, and declared that in no circumstances would the United States relinquish the Philippines.

AGRICULTURE IN MINNESOTA.

Census Bureau Issues Some Statistics on Farming.

Washington, May 20.—The census bureau has issued a report on agriculture in Minnesota which shows that the 154,559 farms of the state enumerated June 1, 1900, had a value of \$669,522,315, of which 17 per cent was in buildings. The value of farm implements and machinery was \$30,099,239 and of live stock \$59,063,097. The total value of farm products for 1899 was \$161,217,394, of which 28 per cent was in animal products. The gross farm income in 1899 was \$127,558,824.

HIS LAST DAY IN CUBA

GOVERNOR GENERAL WOOD ARRANGES FINAL DETAILS OF EVACUATION.

PALACE FAIRLY BESIEGED

Constant Stream of Callers to Say a Formal Farewell—Many Matters Disposed of, Among Them Being the Appointment of Dr. Findley as Chief Health Officer of the Island and the Revoking of a Lighting Concession.

Havana, May 20.—The last day of the American occupation of Havana was devoted by General Wood and his staff to clearing their desks of official business and to arranging the final details of the evacuation.

The palace was fairly besieged all day by importunate persons appealing for some last favor before the curtain drops. There was also a constant stream of callers to say a formal farewell, as the Spanish people are great sticklers in such matters. Major Dunn and Captain Carpenter, aides to Governor General Wood, were busy all day returning the official visits of the officers of the warships in the harbor and the members of the consular corps.

A number of matters were settled during the day. Most important among these was the appointment of Dr. Carlos Findley as chief health officer of the island. This appointment is subject to ratification by President-elect Palma. Dr. Findley first advanced the theory that yellow fever is spread by mosquitos, the adoption of which has done so much to rid Cuba of the yellow scourge.

An old Spanish concession for electric lighting, known as the Castaneda concession, which Governor General Wood made operative recently, was revoked by him.

Treasury Contains Half a Million.

It is understood this action was taken on orders from Washington. This concession covered the lighting by electricity of certain sections of Havana and the maintaining of lights in the lighthouses on the dangerous Colorado reef and the Jew and Governors keys. These lighthouses have been in course of construction for a year and a half and have been accepted. The maintenance of lights at these points is considered by mariners to be one of great importance.

The few additional warrants issued approximated \$50,000, and by the amount the actual funds in the treasury will be reduced. The amount thus turned over will consequently be \$517,709 cash and \$1,308,607 in bonds, against which the current liabilities are charged.

The ratification by Governor General Wood of the proposition of Farson, Leach & Co. of Chicago to underwrite the loan of \$28,000,000 for the city of Havana, which was accepted by the municipal council last Saturday, has not yet been decided upon, and it is understood that the matter has been referred to Washington.

Tributes Paid to the Dead.

The tributes paid by the Cubans to their martyred dead included the placing of wreaths of laurel on the wall near the Punta battery, on the ocean front, before which a score of beardless Cuban cadets were executed by the Spanish volunteers in 1870. Memorial services for Jose Marti were held at all the political clubs here. President-elect Palma and Generals Gomez and Castillo attended the services at the National club.

During the day there was a general distribution of charitable donations to the poor at the city hall. Bottles of wine and baskets of provisions were given to about 1,500 people.

A merchant in a street near the city hall, who, in the excess of his good feeling offered to give a peseta (about 20 cents) to every one who would come for it, was almost mobbed by the people who swarmed into his store. It was with great difficulty that the police cleared the street and rescued the merchant who made this offer.

President-elect Palma held a meeting of his cabinet to discuss his message to the Cuban congress.

A MOTION TO QUASH.

Attorneys for Packers Appear Before Missouri Supreme Court.

Jefferson City, Mo., May 20.—Attorneys representing the Armour Packing company, the Cudahy Packing company, the Hammond Packing company, Armour & Co. and Swift & Co., have filed a motion in the Missouri supreme court in banc here to quash the alternative writ issued a few days ago by the court against these companies on the ground that the order was improvidently issued, in that it was returnable to the court in vacation.

These attorneys hold that the court order will not be valid because it was made returnable to the court when it is not in session. This will dispose of the case until the court meets in banc on June 4, at which time it probably will pass upon this motion to quash the writ.

NEW TAMMANY LEADER.

Justice O'Gorman Elected Grand Sachem of the Order.

New York, May 20.—Justice James A. O'Gorman of the supreme court bench was elected grand sachem of the Columbian Order of Tammany Hall, the deliberations lasting less than half an hour. Former Mayor Robert A. Van Wyck was also a candidate for the position. On the first ballot Justice O'Gorman received 8 votes of the 12, the other 4 going to ex-Mayor Van Wyck. Afterward the election of Justice O'Gorman was made unanimous.

Farm Property Damaged.

Modale, Ia., May 20.—A storm resembling a tornado passed through the country west of here, doing considerable damage to farm property. No loss of life is reported.

Iowa Senator Discusses the Philippine Government Bill.

Washington, May 20.—Only a brief time was devoted by the senate to the consideration of the Philippine government bill. Mr. Dolliver (Ia.) supported the bill, which he said was one of the most important pieces of constructive legislation presented since the Civil war. He arraigned the Democratic minority for its opposition to the measure. He insisted that the Philippine insurrection, as a military proposition was a thing of the past, and declared that in no circumstances would the United States relinquish the Philippines.

AGRICULTURE IN MINNESOTA.

Census Bureau Issues Some Statistics on Farming.

Washington, May 20.—The census bureau has issued a report on agriculture in Minnesota which shows that the 164,659 farms of the state enumerated June 1, 1900, had a value of \$689,522,315, of which 17 per cent was in buildings. The value of farm implements and machinery was \$30,099,230 and of live stock \$89,063,097. The total value of farm products for 1899 was \$161,217,304, of which 25 per cent was in animal products. The gross farm income in 1899 was \$127,959,824.

HIS LAST DAY IN CUBA

GOVERNOR GENERAL WOOD ARRANGES FINAL DETAILS OF EVACUATION.

PALACE FAIRLY BESIEGED

Constant Stream of Callers to Say a Formal Farewell—Many Matters Disposed of, Among Them Being the Appointment of Dr. Findley as Chief Health Officer of the Island and the Revoking of a Lighting Concession.

Havana, May 20.—The last day of the American occupation of Havana was devoted by General Wood and his staff to clearing their desks of official business and to arranging the final details of the evacuation.

The palace was fairly besieged all day by importunate persons appealing for some last favor before the curtain drops. There was also a constant stream of callers to say a formal farewell, as the Spanish people are great sticklers in such matters. Major Dunn and Captain Carpenter, aides to Governor General Wood, were busy all day returning the official visits of the officers of the warships in the harbor and the members of the consular corps.

A number of matters were settled during the day. Most important among these was the appointment of Dr. Carlos Findley as chief health officer of the island. This appointment is subject to ratification by President-elect Palma. Dr. Findley first advanced the theory that yellow fever is spread by mosquitos, the adoption of which has done so much to rid Cuba of the yellow scourge.

An old Spanish concession for electric lighting, known as the Castaneda concession, which Governor General Wood made operative recently, was revoked by him.

Treasury Contains Half a Million.

It is understood this action was taken on orders from Washington. This concession covered the lighting by electricity of certain sections of Havana and the maintaining of lights in the lighthouses on the dangerous Colorado reef and the Jew and Governors keys. These lighthouses have been in course of construction for a year and a half and have been accepted. The maintenance of lights at these points is considered by mariners to be one of great importance.

The few additional warrants issued approximated \$50,000, and by amount the actual funds in the treasury will be reduced. The amount thus turned over will consequently be \$517,709 cash and \$1,308,607 in bonds, against which the current liabilities are charged.

The ratification by Governor General Wood of the proposition of Farson, Leach & Co. of Chicago to underwrite the loan of \$28,000,000 for the city of Havana, which was accepted by the municipal council last Saturday, has not yet been decided upon, and it is understood that the matter has been referred to Washington.

Tributes Paid to the Dead.

The tributes paid by the Cubans to their martyred dead included the placing of wreaths of laurel on the wall near the Punta battery, on the ocean front, before which a score of beardless Cuban cadets were executed by the Spanish volunteers in 1870. Memorial services for Jose Marti were held at all the political clubs here. President-elect Palma and General Gomez and Castillo attended the services at the National club.

During the day there was a general distribution of charitable donations to the poor at the city hall. Bottles of wine and baskets of provisions were given to about 1,500 people.

A merchant in a street near the city hall, who, in the excess of his good feeling offered to give a peseta (about 20 cents) to every one who would come for it, was almost mobbed by the people who swarmed into his store. It was with great difficulty that the police cleared the street and rescued the merchant who made this offer.

President-elect Palma held a meeting of his cabinet to discuss his message to the Cuban congress.

A MOTION TO QUASH.

Attorneys for Packers Appear Before Missouri Supreme Court.

Jefferson City, Mo., May 20.—Attorneys representing the Armour Packing company, the Cudahy Packing company, the Hammond Packing company, Armour & Co. and Swift & Co., have filed a motion in the Missouri supreme court in banc here to quash the alternative writ issued a few days ago by the court against these companies on the ground that the order was improvidently issued, in that it was returnable to the court in vacation.

These attorneys hold that the court order will not be valid because it was made returnable to the court when it is not in session. This will dispose of the case until the court meets in banc on June 4, at which time it probably will pass upon this motion to quash the writ.

NEW TAMMANY LEADER.

Justice O'Gorman Elected Grand Sachem of the Order.

New York, May 20.—Justice James A. O'Gorman of the supreme court bench was elected grand sachem of the Columbian Order of Tammany Hall, the deliberations lasting less than half an hour. Former Mayor Robert A. Van Wyck was also a candidate for the position. On the first ballot Justice O'Gorman received 5 votes of the 12, the other 4 going to ex-Mayor Van Wyck. Afterward the election of Justice O'Gorman was made unanimous.

Farm Property Damaged.

Modale, Ia., May 20.—A storm resembling a tornado passed through the country west of here, doing considerable damage to farm property. No loss of life is reported.

FRONT STREET IS SOON TO BE PAVED

Council Last Night Passed a Resolution to this Effect at Regular Meeting

OTHER IMPORTANT MATTERS.

City Attorney is Instructed to Get After Some Violators of City Ordinance.

There was a meeting of the city council last night and President Crust presided. The following aldermen were present: Halladay, Gardner, Koop, Rowley, Fogelstrom, Doran and Wright.

After the reading of the minutes of the previous meeting the city clerk drew from the files a communication from the police committee composed of Aldermen Fogelstrom, Doran and Koop, which was a report on the request made by J. F. McGinnis at the last meeting that he be allowed to repair the building formerly occupied by William Costello on Seventh street. The committee made a strenuous and emphatic statement in this connection and recommended that no repairs be allowed on the premises. The report was, on motion, placed on file.

The matter of paving streets had its airing to a degree that there should be no doubt as to the sentiments of the council on this question. The discussion was quite interesting but for Alderman Fogelstrom's "cut-in" when he "entertained" the council and several visitors with a tirade that lasted fully twenty minutes. He tried to tell Alderman Rowley the difference between a cement curb and a granite curb, and just to show that he was up in this line he made the comparison that a cement curb occupied a relative position with an artificial arm or leg. He wanted to let nature run its course and curve granite around the corners. Finally President Crust grew weary and he called the gentleman down.

The discussion was over the curb to be used in the Sixth street paving. The proposals advertised that they should be granite, but Alderman Rowley brought up the cement proposition from an economical standpoint, but was willing after listening for a long time for Alderman Fogelstrom to get through with his dilatory remarks to have almost anything put in.

The city engineer, under instructions at the last meeting, furnished an estimate of the cost of paving Kindred street in East Brainerd. The total cost would be about \$2,300, the paving to be done from the east end of the bridge to the end of the business portion of that street. In this connection a discussion ensued as to the validity of proceeding to pave half of the street, as had been suggested by Alderman Halladay, who champions this cause in East Brainerd. City Attorney Crowell rather thought that it could not be done.

Alderman Rowley made a motion that the city engineer be instructed to furnish an estimate of the cost of paving Laurel street east and west from the present paving. Alderman Halladay stated that he would not vote for such a proposition until the work of paving was done in the order that the different locations had been brought up and he thought that the people of East Brainerd were certainly entitled to some show. The motion of Alderman Rowley carried, however.

The city council last night took action regarding the paving of Front street by passing a resolution to the effect that the work should be done. The resolution received the unanimous vote of the council. To this also Alderman Fogelstrom objected strenuously after Alderman Halladay insisted that the paving of Kindred street be given due consideration. He was incited by some inward craving to make a speech again and nearly another half hour was spent listening to his harangue on what the Northern Pacific should or should not do regarding paying their half of the paving of streets.

In connection with the paving of Front street it might be stated that the Northern Pacific has made a very liberal concession and the city will be very little out for paving this street. Of course the matter had to come up in regular form and the improvement decided upon by resolution, and this was why the same was passed last night.

Alderman Fogelstrom moved that the city clerk be instructed to notify the officials of the Northern Pacific to put a cement backing along Laurel street near the shops where the cinders are being dumped, and not to use this street further for a dumping ground. On vote there was a tie and it took Mayor Halsted's vote to decide it. He voted aye and the motion carried.

The police committee, to which was referred the report that a young girl had been enticed to Adam Armstrong's saloon and sold liquor sent in a communication last night. The committee reported that at the time Mr. Armstrong was sick abed, at the point of death, and that his brother who was in charge was attending him. The committee reported that the girl was enticed there by no one connected with the house and that those who run the house did not know of her presence. They reported further that it had been shown by the girl's own evidence in police court that she was a common prostitute. Adam Armstrong and the management of the hotel were entirely exonerated in the matter.

The committee reported that they had investigated the application of Bosley & Durette, for a liquor license, to do business at the old Last Turn; they found them to be all right and recommended the license be granted. This was done in compliance with the report.

The committee further reported that they had been looking into the advisability of the city securing the old Conrad property on the corner of Fifth and Laurel street for city purposes. This property has been sold for taxes and the committee recommended that the proper officials be seen and that it be ascertained what amount of the old back taxes would have to be paid to secure the property. It was intimated that the grounds could be used for the central hose house as it is impossible where the present one is located to get sewer connections. On motion of Alderman Rowley a committee of five composed of Aldermen Rowley,

what he would do with the telephone pole that is situated in the middle of Seventh street in the Northern Pacific park. The new depot will be built here. The matter was left in the hands of the street committee with power to act.

President Tighe, of the Minnesota Water Works Co., appeared before the council last night and asked that they give as near as possible the number of feet of main extensions that they intended putting in this summer. He stated that he would like to order the pipe in its entirety as it would mean a big saving on the freight. Nothing definite was done but President Crust took occasion to ask him what was the matter with the pressure in the pipes that are now in. Mr. Tighe stated that the company intended to put in another boiler at the pumping station and that the matter would be greatly remedied.

There was a petition from the residents between Fourth and Second streets north on Kingwood asking that a water main be laid in front of their property. The matter was referred to the water works committee.

Ordinance 183 was adopted last night as read. It provides that all walks laid in the future on streets that are paved or that are to be paved be of cement.

Chas. Swanson was granted a permit to build a two story brick veneered addition to his building on Laurel.

The application of W. T. Larabee for a liquor license to conduct business at 504, Front street, was on motion referred to the police committee to investigate.

The term of Street Commissioner Weitzel expired recently and one of the duties of the council was to elect some one to look after the streets for another year. Mr. Weitzel's name was presented and of course there was no opposition. He was elected unanimously.

Save Your Rent Money.

Any one who can raise \$50 to \$100 cash and pay rent, can own a home. See Nettleton, at Palace Hotel.

Any Kind of a Cough is Bad,

But coughing up rent money every month is the worst of all, because it's so useless, when a home with all the comforts that make life worth living, can be bought and paid for with the same amount of money that it takes to pay rent. A reasonable payment down and the balance payable in small monthly payments, will buy some of the most desirable homes in the city. Let me show you some fine new ones, that will make you as comfortable and happy as a Prince, and sell at a handsome profit should you wish to sell at any time in the future.

P. B. NETTLETON,
Palace Hotel.

Koop, Halladay, Wright and Doran, was appointed to act in conjunction with the city attorney and see what can be done.

The pound master question came up last night and it was the subject of considerable discussion. It was thought best to give whoever is appointed all the money that is taken in on impounded stock and in this way it would be more of an incentive for whoever acts in this capacity to do something. City Attorney Crowell stated that a new ordinance would have to be passed, as the rule of last year was under the present ordinance.

Oscar Roberts, appointed by Mayor Halsted as special bicycle police without pay, was confirmed by the council.

City Attorney Crowell made an extensive report on the matter of the violation of the ordinance regulating streets and alleys, which are being blocked in this city. He stated that on May 6th he notified various parties around the city, but there were a few he stated that seemed to defy the ordinance. He cited the cases of J. N. Nevers, who had fenced in an alley in block 50, George A. Keene, who had built a fence protruding two feet over the sidewalk, and O. B. Hamelin, who had built a stone wall two feet over on the street. Mr. Crowell in his report stated that these parties had been duly notified, but the reason that he did not institute proceedings was that he wanted to get the voice of the council. On unanimous vote of the council the city attorney was instructed to proceed against these parties.

The city council has decided definitely to put in meters and there were several bids in last night, and if the members could have decided on the price, the number of meters required would have been purchased at once. The bids and the whole matter was referred to the purchasing committee with the power to act.

Quit that rent! Nettleton will help you.

A Gala Day For All.

Does your memory ever call you back to the day when you were a little fair-haired "tot," and the advance agent of the old time circus invaded your little home town with his pretty pictures of prancing ponies, elephants, dogs doing all sorts of tricks, and ye merry old clown with his funny painted face and grotesque garb, and the innumerable wonderful things to see? Of course it does. Do you remember how your heart beat, and how you longed for the time to come when the circus would arrive, and after counting the weeks and days and hours the time arrived and the "greatest show on earth" appeared? Was that not one of the happiest days of your life? Without a doubt it was. The man must be blasé indeed who cannot associate his first circus with the happy days of youth. Time has passed since then. You may have little men and women of your own now, who will experience the same joys and sensations, the expectations and disappointments that you did. Norris and Rowe's Big Trained Animal Shows will exhibit in this city next Friday afternoon and night. Do not fail to take the little ones to this great moral show. They are eminently adapted to amuse the little ones. You cannot crowd too much sunshine into their lives. Their happiest days are now, and they will remember the day spent at Norris & Rowe's shows in after years, as one of the happiest in their lives. Do not disappoint the little ones.

When you pay rent, think of Nettleton. Your rent money buys a home.

NEW ATHLETIC PARK IS A SURE THING

Deal Closed with A. A. White and Large Crowd of Men are At Work.

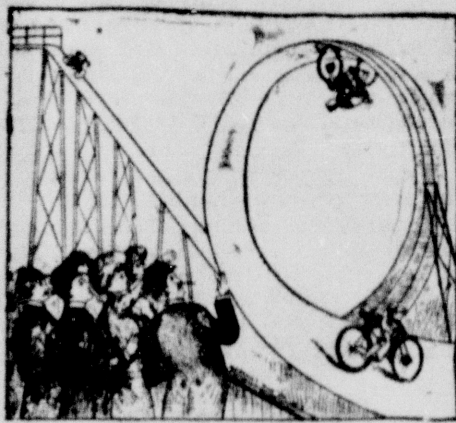

A MODERN BASE BALL PARK.

It is Expected the First Game will Be Played on Decoration Day.

The deal was closed with A. A. White, of St. Paul, today and work commenced at once on the new athletic park to be put up south of the Mississippi river road bridge. This is an ideal spot and one which will be made into one of the finest parks in the northern part of the state. It is here that all the ball games during the summer months will be played, and every provision is being made for one of the finest kinds of diamonds with good clay bottom. Mr. White is having the ground cleared and the work of building the eight foot fence will commence at once.

A large grand stand will be erected with a seating capacity of about five hundred, modern in every detail. It is expected that the first game to be played on the grounds will be between the Brainerd and Aitkin teams on Decoration day. There will probably be two games that day, one in the morning and one in the afternoon.

"Looping the Loop."

The accompanying illustration shows the latest cycle sensation called "Looping the Loop," which is to be one of the features at the Elks' Fair in Minneapolis June 2nd to 14th. A cyclist riding at terrific speed from a lofty elevation performs the seemingly impossible feat of riding head downward, much as a fly would walk in the ceiling.

Centrifugal force is the agent employed in this miraculous feat which created such a sensation at Madison Square, New York.

Another novel spectacle is called the "Cycle Dazzle." Several women ride a furious race at such an angle that they seem to be horizontal with the surface, like so many human pegs projecting from a perpendicular wall.

For fire insurance see T. C. Blewit.

Secure a Home.

I have some 5 acre farms within 12 minutes walk of the N. P. shops with houses thereon and ground plowed ready to plant, for sale on easy terms. I have some larger pieces and lots.

A person can pay for a house with the money he uses to pay for rent. Call and see if anything I have and terms of payment suit you.

The accompanying illustration shows the latest cycle sensation called "Looping the Loop," which is to be one of the features at the Elks' Fair in Minneapolis June 2nd to 14th. A cyclist riding at terrific speed from a lofty elevation performs the seemingly impossible feat of riding head downward, much as a fly would walk in the ceiling.

Centrifugal force is the agent employed in this miraculous feat which created such a sensation at Madison Square, New York.

Another novel spectacle is called the "Cycle Dazzle." Several women ride a furious race at such an angle that they seem to be horizontal with the surface, like so many human pegs projecting from a perpendicular wall.

For fire insurance see T. C. Blewit.

Secure a Home.
I have some 5 acre farms within 12 minutes walk of the N. P. shops with houses thereon and ground plowed ready to plant, for sale on easy terms. I have some larger pieces and lots.

A person can pay for a house with the money he uses to pay for rent. Call and see if anything I have and terms of payment suit you.

NINETY-EIGHT DEATHS

LATEST REPORTS ON THE RESULT OF THE TEXAS CYCLONE.

OVER A HUNDRED INJURED

Tornado Was Preceded by a Terrific Downpour of Hail Which Drove Residents Into Their Houses Where They Were Caught Like Rats in a Trap—Work of Rescue Is Necessarily Very Slow.

Houston, Tex., May 20.—The latest reports from Goliad state that 98 persons were killed and 103 injured by the tornado which passed over that city Sunday afternoon. The property loss in the city and surrounding country will probably reach \$200,000. The storm swept the city from end to end and demolished 150 stores and residences, many of which cannot be replaced.

There is only one telegraph wire working into Goliad and owing to the crush of official business it is impossible to obtain a list of the dead and injured.

The tornado, which was preceded by a terrific downpour of hail, lasted only a few minutes. The hail storm drove the people into their houses, where they were caught like rats in a trap when the death dealing wind came upon them with terrific force, leveling everything in its path. The tornado swept an area 250 yards wide for a distance of a mile and a half. Houses collapsed as if built of cardboard, covering the dead and injured with the debris which necessarily makes the work of rescue slow. People flocked to the town from all of the surrounding country. Many of them had relatives in the city. The work of rescue has been carried on all day and the funerals of several of the victims took place during the afternoon. The supply of coffins has been replenished from other towns and a large force of laborers are still at work digging graves for many of the unfortunate victims. The citizens have perfected an organization and everything is conducted in an orderly manner, the work of caring for the dead and injured now being on a systematic basis.

The storm wrought severe havoc to the surrounding country, but no lives are reported lost. Governor Sayers has issued an appeal to the mayors of all cities of 3,000 population and over in the state of Texas, asking them to send food to Goliad and raise funds for the sufferers.

CYCLONE IN IOWA.

Storm Carries Death and Destruction Through Audubon County.

Harlan, Ia., May 20.—A storm which passed through the country 10 miles southeast of here early Sunday morning, carried destruction and death with it. The cloud came first to the ground near the home of Andrew Sorrenson, one mile north of Kimbleton, Audubon county. Mr. Sorrenson was so seriously injured that he died. His barn and all of the outbuildings were destroyed, the residence alone being left.

The residence of Lewis Hanson was destroyed and the family was saved only by taking refuge in the cyclone cellar. Chris Nelson's residence was moved from its foundation and all the outbuildings were destroyed. The family had taken refuge in the cellar. Schoolhouse No. 3, Sharon township, was completely destroyed. Chris Jorgenson's farm buildings and residence were destroyed and a large number of hogs killed.

James Rasmussen's place was the last one struck. Here the storm attained its greatest fury. All of his fine farm buildings were destroyed and trees 18 inches in diameter were torn out by the roots or twisted off. The storm continued on the ground for miles further, but as it passed through the country no further damage was done.

SHEEP DYING BY THOUSANDS.

Fourteen Inches of Snow and Still Falling in Wyoming.

Evanston, Wyo., May 20.—The snowstorm which struck this vicinity Saturday night has continued without abatement. It is estimated that 10 to 14 inches of snow has fallen, the greater part of which has melted in the valleys. Sheep and lambs are reported to be dying by thousands, and a prominent sheep man estimates the loss in Uintah county alone will reach 200,000 head, which would have a marketable valuation of over \$1,000,000. The storm at some places has reached the proportions of a blizzard and sheep on the ranges have become uncontrollable. The storm shows no signs of abatement.

TEN INCHES OF SNOW.

Severe Weather Reported in Various Parts of Colorado.

Denver, May 20.—Snow and rain followed the cold wave that passed over many of the mountain towns Sunday. At Breckenridge 10 inches of snow fell one of the heaviest storms ever known there in May. At Central City there was a fall of 6 inches, with 8 at Wortman, while in the vicinity of Cripple Creek a blizzard prevailed, snow covering the mountains 2 inches deep. There was a light fall of snow at Telluride, accompanied by a hard gale.

CHILDREN FOUND ALIVE.

Father and Mother Still Missing Near Preston, Minn.

La Crosse, Wis., May 20.—Of the five members of Michael Wilbright's family who were swept away in the ruins at their home near Preston, Minn., Sunday by a cloudburst, three, all children, have been found alive. Wilbright and his wife are still missing and are thought to be dead.

KNEW HOW TO SHOOT.

South Dakota Girl in the Philippines Mortally Wounded a Burglar.

Sioux City, Ia., May 20.—Miss Edna S. Flick, a former South Dakota girl, now in Manila, had an encounter with a burglar at her new station and fatally wounded him.

She is a nurse in the First Reserve hospital at Manila. A burglar sought to enter the nurses' quarters one night, but was driven away by the barking of the watch dog. The dog disappeared and the burglar came again the next night. A nurse awoke to find him near her bed. She screamed and Miss Flick came to the rescue with a revolver. She fired three shots, and the man ran out. A few minutes later the police found a big negro near the gate, mortally wounded. Miss Flick is the oldest daughter of J. D. Flick, an early settler at Yankton, and grew to womanhood among the coteaus of Dakota.

DRANK FORMALDEHYDE.

Strange Suicide of Luther Hudson at Des Moines.

Des Moines, May 20.—One of the strangest suicides on record in Des Moines was that of Luther Hudson, who killed himself in the yard of his home by swallowing a half pint of formaldehyde. Hudson staggered to the back porch of the house and fell down a corpse. The powerful drug literally embalmed him, his muscles being set as rigid as if they had been treated with embalming fluid.

Hudson had been employed in the administration of Mayor Hartenbower as a quarantine officer for the health department and is said to have been disappointed because he was not given a position under Mayor Brenton's administration.

Increases Omaha's Tax Receipts.

Omaha, May 20.—The city council has completed its sittings as a reconvened board of equalization to consider complaints against the public service corporations, by increasing the valuation of the Omaha Street railway from \$550,000 to \$1,300,000. This brings the total of increased assessment against the corporations to \$1,523,190 and will increase the city's tax receipts by \$50,000.

Packers Move to Jersey City.

New York, May 20.—Swift & Co., Armour & Co., Schwarzschild & Sulzberger company and the G. H. Hammond company, packers, have moved their New York city office equipments to Jersey City. It is said in Jersey City that the office of Nelson Morris & Co. and the Cudahy Packing company will be moved to New Jersey shortly.

Negro "Mysteriously" Disappears.

England, Ark., May 20.—A young negro named William Jordan, who had attempted to outrage the 9-year-old daughter of James Fox, white, was taken from a constable by a mob Saturday night. He has not been heard of since.

TELEGRAPHIC BREVITIES.

General Funston is confined to his bed in Denver by an attack of remittent malarial fever. His illness is not regarded as serious.

Professor Eugene L. Schaeffer, senior master at Bishop Scott academy, Portland, Or., a school conducted under the direction of the Episcopal church, committed suicide by shooting himself with a revolver.

NATIONAL SANITARIUM.

House Passes a Bill to Establish One at Hot Springs, S. D.

Washington, May 20.—Before adjournment the house passed the naval appropriation bill. The feature of the debate was on the amendment offered by Mr. Roberts (Mass.) providing that three of the ships provided for in the bill, a battleship, cruiser and a gunboat, shall be built in government yards. Mr. Adams (Pa.) made a point of orders against the amendment, which Mr. Sherman sustained, but on an appeal by Mr. Roberts the chair was overruled and the amendment was agreed to.

Under a suspension of the rules the bill for 8-hour work on all government contracts was passed, also a bill authorizing the construction of a national sanitarium for disabled soldiers at Hot Springs.

COUPONS ARE BARRED.

Manufacturers Cannot Attach Them to Tobacco Packages.

Washington, May 20.—The supreme court of the United States, through Justice Brewer, answered questions submitted to it in the case of Emanuel Fetsenfeld vs. the United States by the United States circuit court of appeals for the Fourth circuit. The question related to the validity of the federal law prohibiting attaching to tobacco packages other articles than the manufacturers' wrappers and labels in this case there was a coupon promising a prize to the holder, and one of the questions was as to whether such coupon comes within the prohibition of the statute. The other question was whether the statute is constitutional. Both inquiries were answered in the affirmative.

Ranchman Charged With Murder.

Winfield, Kan., May 20.—George W. Miller, president of the "101 Live Stock Company," has been arrested charged with the murder in this city last October of George C. Montgomery, a Santa Fe railway detective, who was killed while seated in his parlor from a shot fired through the window. Montgomery at the time of his death was working on a case that conflicted with the "101 ranch," which is one of the most extensive in Kansas.

Des Moines, May 20.—One of the strangest suicides on record in Des Moines was that of Luther Hudson, who killed himself in the yard of his home by swallowing a half pint of formaldehyde. Hudson staggered to the back porch of the house and fell down a corpse. The powerful drug literally embalmed him, his muscles being set as rigid as if they had been treated with embalming fluid.

Hudson had been employed in the administration of Mayor Hartenbower as a quarantine officer for the health department and is said to have been disappointed because he was not given a position under Mayor Brenton's administration.

Increases Omaha's Tax Receipts.

Omaha, May 20.—The city council has completed its sittings as a re-convened board of equalization to consider complaints against the public service corporations, by increasing the valuation of the Omaha Street railway from \$550,000 to \$1,300,000. This brings the total of increased assessments against the corporations to \$1,523,190 and will increase the city's tax receipts by \$50,000.

Packers Move to Jersey City.

New York, May 20.—Swift & Co., Armour & Co., Schwarzschild & Sulzberger company and the G. H. Hammond company, packers, have moved their New York city office equipments to Jersey City. It is said in Jersey City that the office of Nelson Morris & Co. and the Cudahy Packing company will be moved to New Jersey shortly.

Negro "Mysteriously" Disappears.

England, Ark., May 20.—A young negro named William Jordan, who had attempted to outrage the 9-year-old daughter of James Fox, white, was taken from a constable by a mob Saturday night. He has not been heard of since.

TELEGRAPHIC BREVITIES.

General Funston is confined to his bed in Denver by an attack of remittent malarial fever. His illness is not regarded as serious.

Professor Eugene L. Schaeffer, senior master at Bishop Scott academy, Portland, Or., a school conducted under the direction of the Episcopal church, committed suicide by shooting himself with a revolver.

NATIONAL SANITARIUM.

House Passes a Bill to Establish One at Hot Springs, S. D.

Washington, May 20.—Before adjournment the house passed the naval appropriation bill. The feature of the debate was on the amendment offered by Mr. Roberts (Mass.) providing that three of the ships provided for in the bill, a battleship, cruiser and a gunboat, shall be built in government yards. Mr. Adams (Pa.) made a point of orders against the amendment, which Mr. Sherman sustained, but on an appeal by Mr. Roberts the chair was overruled and the amendment was agreed to.

Under a suspension of the rules the bill for 8-hour work on all government contracts was passed, also a bill authorizing the construction of a national sanitarium for disabled soldiers at Hot Springs.

COUPONS ARE BARRED.

Manufacturers Cannot Attach Them to Tobacco Packages.

Washington, May 20.—The supreme court of the United States, through Justice Brewer, answered questions submitted to it in the case of Emanuel Fetsenheld vs. the United States by the United States circuit court of appeals for the Fourth circuit. The question related to the validity of the federal law prohibiting attaching to tobacco packages other articles than the manufacturers' wrappers and labels in this case there was a coupon promising a prize to the holder, and one of the questions was as to whether such coupon comes within the prohibition of the statutes. The other question was whether the statute is constitutional. Both inquiries were answered in the affirmative.

Ranchman Charged With Murder.

Winfield, Kan., May 20.—George W. Miller, president of the "101 Live Stock Company," has been arrested charged with the murder in this city last October of George C. Montgomery, a Santa Fe railway detective, who was killed while seated in his parlor from a shot fired through the window. Montgomery at the time of his death was working on a case that conflicted with the "101 ranch," which is one of the most extensive in Kansas.
